MISSION AND VISION

GOAL ACADEMY MISSION

Develop productive members of society.

GOAL ACADEMY VISION

Helping all students achieve their full potential in a caring, supportive, and personalized environment.

EMPLOYMENT INFORMATION AND EMPLOYEE FILES

AT-WILL EMPLOYMENT

Colorado follows the legal doctrine of "employment-at-will." GOAL Academy is an at-will employer. This means that either the employer or the employee may terminate the working relationship at any time, with or without cause, with or without explanation, and with or without any particular period or form of advance notice. This also means that employees have neither express or implied contract nor "property rights" in their employment. No administrator or individual board member may make any promise or guarantee that would modify or alter the at-will employment relationship between you the employee and GOAL Academy as the employer. This employment at-will relationship will remain in effect throughout your employment with GOAL Academy.

All employees have a responsibility to familiarize themselves with, and abide by, the laws of the State as these affect their work, the policies of the Board, and the regulations designed to implement them.

PARTICIPANTS IN EMPLOYMENT

Unlike non-charter public schools, employees of GOAL Academy are employed directly by the school and not by a district. GOAL Academy retains autonomy over its employment policies and practices, and establishes its own pay scale and professional expectations. GOAL Academy does rely on its authorizing school district to make determinations regarding qualifications for teaching positions.

REDUCTION IN FORCE

While GOAL Academy strives to provide a stable and secure environment in which to work, under certain circumstances, it may be necessary to eliminate employee positions due to budgetary needs, program reductions, reorganization, or other business needs. This policy establishes a process for the position elimination of regular full-time and part-time employee positions at the school. A reduction in force (RIF) is defined as a separation from employment due to lack of funds, lack of work, redesign or elimination of position(s) or reorganization, with no likelihood or expectation that the employee will be recalled. In the event, there is a reduction in force GOAL Academy may follow a last hired, first released process or GOAL Academy may follow a merit based process. Original hire dates will be recognized for those employees who were involuntarily transferred at the school's request.

EMPLOYMENT APPLICATIONS

GOAL Academy relies upon the accuracy of information contained in the employment application, as well as the accuracy of other data presented throughout the hiring process and employment. Any misrepresentations, falsifications, or material omissions in any of this information or data may result in the exclusion of the individual from further consideration for employment or, if the person has been hired, termination of employment.

Employees are responsible for notifying GOAL Academy of any change in application information within twenty (20) days of the change.

EMPLOYMENT BACKGROUND CHECKS

All employees, consultants, contractors, substitutes, and volunteers are required to undergo a criminal background check, including fingerprinting, at their own expense of approximately \$10 to \$50. This applies to all employees, regardless of whether they have had similar background checks conducted through other school districts or through the Colorado Department of Education. All employment offers are contingent upon the successful completion of a background check that demonstrates a clean record.

Employees are responsible for notifying GOAL Human Resources of any change in background and criminal records within five (5) business days of the change. Failure to do so may result in termination of employment.

EMPLOYMENT AGREEMENTS

Each employee shall receive an offer letter which outlines the terms and conditions of his/her employment with the school. While the offer letter represents a commitment between GOAL Academy and the employee, employment is still at-will. Employees continue to have neither express nor implied contracts nor property interest in continued employment at GOAL Academy.

HARD TO FILL POSITIONS

In some instances, a job posting may be deemed hard to fill by a member of leadership. Some criteria used to determine if a position is hard to fill includes but is not limited to; the type of position, the region of the posting, and how long the position has been posted. If a position is posted as hard to fill, additional compensation may be included in the employee's employment offer for that school calendar year.

STANDARD OF CONDUCT

All GOAL Academy employees and volunteers are expected to model the school's mission and vision. An individual's behavior should reflect these norms and support the mission and vision of the school at all times. Employees are expected to model professionalism at all times—and with all constituents—in their dress, words, tone, actions, and contributions to the community. Each employee is responsible for maintaining the expectations of the school, region, and departments social contract and team agreements.

EMPLOYMENT CATEGORIES

Exempt, full-time (i.e., working 30 hours or more per week), are not eligible for overtime, and will be paid on a salaried basis.

Non-exempt (e.g., short-term, part-time, or full-time), are eligible for overtime and may be paid hourly, or salaried depending on the situation.

Any person hired will be required to notify GOAL Academy if they have ever been a participant in PERA.

An employee's exempt or non-exempt classification may be changed only upon written notification by GOAL Academy's Human Resources Department.

EMPLOYMENT OF RELATIVES

Relatives of employees (e.g., spouses, siblings, parents, or children) will receive the same consideration as any other applicant for a job opening and will not be accorded preferential treatment in employment matters. However, related employees may not be permitted to work in the same department or under the direct supervision of a relative because of employee morale, security, or other legitimate business reasons. In addition, GOAL Academy may require a related employee to transfer or resign if there is a conflict of interest or management problem of supervision that cannot be resolved.

ROMANTIC RELATIONSHIPS AT WORK

Employees who develop a romantic relationship with another employee are not required to inform their Regional Principal unless one of the employees is a supervisor, manager, or member of the executive team, in which case both employees are required to report the relationship. When management does become aware (whether through self-reporting or by other means) of a romantic relationship between any two employees, management may require both employees to sign a statement that the relationship is consensual and does not involve any form of harassment. In some situations, management may require one of the employees to move to a different position. For instance, GOAL's Anti-Nepotism Policy prohibits a supervisor from being in a romantic relationship with a subordinate.

PERSONNEL FILES

The school maintains a central file for each employee; supplemental records may be maintained for ease in data gathering. Only duly authorized staff may enter or review information which pertains to the professional and legal role of the employee in the file. Additionally,

Employee records shall only be available to individual board members when properly requested through board action or explicit board approval.

Employees must complete a written request to review their own records designated to maintain such records. Employees shall make no alterations or additions to the records nor remove any material from the file.

An employee wishing to appeal material in his/her file shall make a written request to GOAL Human Resources and specify: a) name and date, b) material to be appealed, c) and reason for appeal. Upon receipt of an employee's written request, human resources will schedule an appointment for the employee to view their file during normal office hours.

In the case of an appeal, the designated administrator may review the appeal and make a determination for review by the Chief Human Relations Officer and permit the removal, or revisions of the document in question.

An employee has 10 days from time of discipline meeting to submit supporting documentation that will be attached to existing items in his/her file as outlined by the GOAL Academy progressive discipline program.

For purposes of this policy, employee personnel files include recruiting and screening documents such as applications, resumes and educational transcripts; job descriptions; records relating to job offers, promotion, demotion, transfer, layoff, rates of pay and other forms of compensation, and education and training records; pay and compensation information; records relating to other employment practices (including policy acknowledgments and agreements); letters of recognition; warnings, counseling and disciplinary notices; performance evaluations and goal setting records; and Termination records.

Information not considered part of employee personal files and kept separate from the basic personnel file include: equal employment opportunity (EEO)/invitation to self-identify disability or veteran status records; reference/background checks; drug test results; immigration (I-9) forms; medical/insurance records (medical questionnaires, benefit enrollment forms and benefit claims, doctors notes, accommodation requests, and leave of absence records); child support/garnishment, litigation documents; workers' compensation claims, investigation records (although relevant disciplinary action, counseling or other direct communications are placed in the employee's personnel file); and requests for employment/payroll verification.

CHANGE OF ADDRESS/PHONE NUMBER

Employees must report changes or updates to personal information (e.g., name, address, phone number, marital status, name of dependent, emergency contacts), to GOAL Human Resources within twenty (20) days of the change. To change name or social security number, the employee must provide original documentation (e.g., marriage certificate, driver's license, and social security card) authorizing the change.

PERSONAL TIME OFF (PTO) AND LEAVES OF ABSENCE

CALENDAR PTO

The GOAL calendars provide designated Personal Time Off (PTO). Specific dates of Calendar PTO may vary, depending upon an employee's position. Calendar PTO is pre-scheduled and must be taken in accordance with the school calendars. The only modifications that are permissible are due to school needs and require preapproval from your supervisor.

PERSONAL PTO

In addition to Calendar PTO, each employee receives a specific number of Personal PTO days. These days are to be used to attend to personal needs during the school year. The amount of allotted PTO is dependent on an employee's date of hire. Additionally,

- All Approved PTO Days are paid. Employees may not be paid for non-approved PTO.
- Personal PTO days begin on July 1st and must be used by the following June 30th.
- PTO days cannot be "rolled over" to the following year without the written permission from senior leadership. PTO is not paid out during resignation notice or termination of employment.
- A PTO form must be signed by your supervisor at least one week prior to utilizing personal PTO. In the event of illness or emergency, the form must be submitted within 24 hours of your return.
- Personal PTO days cannot be utilized during the 48 hours before or after a scheduled Calendar PTO without the written permission from senior leadership.
- Employees may not take PTO days during designated blackout dates (e.g., October Count, testing windows, and Graduation). Designated blackout dates are determined by calendar and/or position.
- Jury duty or bereavement or other qualified leave do not count as Personal PTO days.

The amount of PTO an employee receives per year is determined by the month of hire.

July=12 days, August=11 days, September=10 days, October=9 days, November=8 days, December=7 days, January=6 days, February=5 days, March=4 days, April=3 days, May=2 days, June=1 day

JURY DUTY

When summoned for jury duty, GOAL will grant employees leave to perform as a juror. Employees should notify GOAL of a jury summons as soon as practicable, but no later than fourteen (14) days in advance of such duty. If an employee is called to serve on jury duty at a time that would unreasonably interfere with normal education and business operations, the employee may request that the required service be rescheduled for a later date, however, granting such a request is out of GOAL's control.

Upon completion of jury duty, a juror service certification issued by the appropriate court must be presented to GOAL Human Resources. The school shall pay an employee regular pay for the first three (3) days of jury duty, if the employee was originally scheduled to work during those days, and upon submission of a juror service certification. After the third day, the employee will no longer be paid by GOAL Academy unless the employee chooses to take PTO, but instead will receive compensation directly from the county or jurisdiction in which the jury duty is served at a rate of pay determined by the county or jurisdiction.

WITNESS DUTY

GOAL Academy encourages employees to appear in court for witness duty when subpoenaed to do so. When current employees of GOAL Academy are subpoenaed or requested by GOAL Academy to appear in court for matters related to their employment with GOAL Academy, they will be paid their normal rates of pay. For matters not related to GOAL Academy, employees must request leave for witness duty in writing and may be required to provide a copy of the subpoena.

Employees will be granted unpaid time off to appear in court as a witness when requested by a party other than GOAL Academy. Employees are free to use any available PTO days to receive compensation for the period of this absence.

FAMILY MEDICAL LEAVE ACT

An employee who has been employed at GOAL Academy and worked 1,250 hours over the previous 12 months, whether full-time or part-time, may take up to a total of twelve (12) weeks of Family and Medical Leave (FMLA) during a given school year. Employees with questions about FMLA should contact GOAL Academy's Human Resource department. Employees must use all available Personal PTO while taking FMLA before taking unpaid FMLA. Any employee that is out on unpaid FMLA, or any other unpaid leave is required to pay their portion of their insurance premiums. A payment plan must be set up with payroll prior to going out on leave.

BEREAVEMENT LEAVE

Funeral Leave for an Immediate Family Member:

When a death occurs in an employee's immediate family, all full-time employees may take up to three (3) days off with pay to attend the funeral or make funeral arrangements. Immediate family members are defined as: an employee's spouse, parents, stepparents, siblings, children, stepchildren, grandparents, father-in-law, mother-in-law, brother-in-law, sister-in-law, son-in-law, daughter-in-law, aunt, uncle, first cousin, grandchild, or other family member who was living in the employee's home.

An employee shall notify her/his supervisor and GOAL Human Resources as soon as practical of the need to take bereavement leave. The pay for time off will be prorated for a part-time employee if the funeral occurs on a scheduled work day. GOAL Academy may require verification of the need for the leave.

Non-family Member Funeral Leave:

All regular, full-time employees may be eligible to take up to one (1) day off with pay to attend the funeral of an individual who is not an immediate family member, as defined above. Time off will be granted on a case-by-case basis.

An employee shall notify her/his supervisor and GOAL Human Resources as soon as practical of the need to take bereavement leave. The pay for time off will be prorated for a part-time employee if the funeral occurs on scheduled work days. The supervisor should confirm that the time is recorded accurately on the timecards. GOAL Academy may require verification of the need for the leave.

Additional Bereavement Leave:

GOAL Academy understands the deep impact that death can have on an individual or a family, therefore, unpaid time off may be granted at the discretion of GOAL Academy. The employee may make arrangements with his/her supervisor for an additional four (4) unpaid days off in the instance of the death of an immediate family member. Additional unpaid time off may be granted depending on the circumstances, such as distance and the individual's responsibility for funeral arrangements. In the extreme and unfortunate case of multiple deaths in an immediate family situation within a school year, the time off will be reviewed and approved on a case-by-case basis. Multiple non-family deaths will also be approved on a case-by-case basis. An employee may choose to use Personal PTO.

Military Service:

Employees, other than temporary employees, who are members of the Colorado National Guard or the reserve forces of the United States are entitled to an unpaid leave of absence of up to 15 days in a calendar year to receive military training, and are entitled to unpaid extended leave beyond 15 days based on orders and applicable federal and state law. The employee must submit copies of his or her military orders to their supervisor as soon as possible. This applies to those called to duty and those who volunteer for active Military duty or to attend Reserve or National Guard training. Qualified Employees are entitled to be restored to their same or similar positions with the same status, pay, and seniority upon completion of such leave according to applicable federal and state laws.

Victim Protection Leave

Employees, who have been employed with the employer for twelve months or more, and are victims of the crimes of domestic abuse, stalking, or sexual assault may take up to three days leave within a 12 month period, paid or unpaid, to seek protective orders, obtain medical care, secure their home, seek legal assistance, or attend or prepare for court proceedings arising from the crime. Employees must first exhaust their Personal Paid Time Off.

Voting Leave

On election day, employees are allowed to be absent from work for up to two hours to vote during the time the polls are open unless employment hours on the day of the election are such that there are three or more hours between the time of opening and the time of closing of the polls during which the elector is not required to be on the job. Application shall be made for the leave of absence prior to the day of election. GOAL may specify the hours during which the employee may be absent, but the hours shall be at the beginning or end of the work shift, if the employee so requests.

Employee Conduct While on Leave or Not on School Grounds

GOAL employees should adhere to the code of conduct and must be mindful of actions while on leave, off the premises, and during nonworking hours as to not create a conflict of interest with GOAL's students. This is not a prohibition on other off duty activities that do not pertain to GOAL's students.

DRUG FREE WORKPLACE POLICIES**DRUG-FREE WORKPLACE**

Alert and rational behavior is required for the safe and adequate performance of job duties. Therefore, working after the apparent use of alcohol, a controlled substance or abuse of any other substance is prohibited. This includes working after the apparent use of marijuana, including but not limited to medical marijuana. Furthermore, the possession, purchase, or consumption (use), or sale of a controlled substance or alcohol on GOAL premises or while conducting GOAL business is prohibited. Use of controlled substances in violation of law is also prohibited during non-working time to the extent that, in the opinion of GOAL, it impairs an employee's ability to perform on the job or threatens the reputation or integrity of GOAL.

GOAL at times may use drug searching dogs or other means to detect the presence of alcohol and controlled substances, at random. Employees' lockers, desks, classroom storage areas, and all other areas of GOAL property are subject to search and employees have no expectation of privacy in these areas.

Employees convicted of controlled-substance-related or alcohol-related violations, including DWI or DUI or pleas of no contest, must inform GOAL within five days of such conviction or plea.

Transportation employees are subject to all Department of Transportation mandates for drug and alcohol testing. All other employees will be subject to post-accident, reasonable suspicion, return-to-duty and follow-up testing upon selection or request of management.

TOBACCO

In keeping with GOAL Academy's intent to provide a safe and healthful work environment, use or possession of tobacco products in, on, and near any GOAL Academy locations (e.g., sites, marketing events, offices, in school vehicles, or while accompanying students offsite as a representative of the school) is strictly prohibited. Violations of this policy will result in disciplinary action, up to and including immediate termination.

FEDERAL AND STATE LAWS

IMMIGRATION COMPLIANCE

GOAL Academy is committed to full compliance with the federal and State immigration laws. GOAL Academy will not knowingly hire or continue to employ anyone who does not have the legal right to work in the United States.

Employees are responsible for notifying GOAL Academy of any change with immigration status within twenty (20) days of the change.

HARASSMENT

GOAL Academy strives to provide a professional and positive work environment for its employees, and a workplace free of tensions involving matters that do not relate to our mission.

GOAL Academy will not tolerate any form of unlawful harassment (e.g. sexual, racial, ethnic, religious) at work. It also will not tolerate retaliation for opposing harassing behavior, for reporting instances of harassment, or for providing statements or evidence related to alleged harassment.

Harassment may be verbal (epithets, derogatory statements, slurs, innuendo), physical (unwelcome touching, assault, gestures, physical interference with one's work) or visual (posters, drawings, faxes, e-mail, messaging or texting). It may involve unwelcome sexual advances or unwelcome invitations to participate in offensive conduct. Harassment may originate from employees, students, supervisors, parents, or others visiting GOAL. In whatever form and from whatever source, it is prohibited.

REPORTING HARASSMENT

In some situations, a person may not realize that his or her behavior is inappropriate or unwelcome. Employees who consider any person's behavior to be inconsistent with these guidelines are encouraged (but not required) to tell that person that his or her behavior is considered inappropriate and request that the conduct stop. Persons so told, should comply immediately with such requests. Management must learn of harassment before they can stop it. Every employee who reasonably suspects that harassment has occurred, including every individual who believes that he or she is a victim of harassment, must immediately report the circumstances to their Regional Principal or Human Resources. Employees should not assume that GOAL is already aware of the situation. Employees should not assume that it is someone else's duty to report.

It is important to emphasize that employees who believe their supervisor is harassing them are not required to report the issue to that supervisor, but may choose to report the information to Human Resources or to any Regional Principal.

TIMELY REPORTING OF STUDENT HARASSMENT

Although timely reporting is critical in all situations, it is especially important in situations in which a student is creating an uncomfortable or offensive environment for a GOAL employee. If a student approaches an employee, either physically, by email, text, or other means, with romantic or sexual intentions, the employee must immediately contact his or her Regional Principal so an appropriate investigation may be initiated.

PROTECTION FROM RETALIATION

Supervisors or management may not retaliate against a victim, reporter, or witness of harassment because of his or her report or other participation in a harassment investigation. Any suspicion of retaliation should be reported immediately to the Human Resources or the Regional Principal.

ANTI-DISCRIMINATION

GOAL Academy is committed to providing equal employment opportunities, services, programs and activities for all qualified persons, without regard to sex, race, color, religion, ancestry, national origin, gender, transgender status, disability, sexual orientation, religion, age, military status or marital status, genetic information, lawful conduct outside of work, or any other status protected by State or Federal law.

In accordance with the statement above, GOAL Academy expects all staff, students, and volunteers of GOAL Academy to adhere to this policy. Specifically, no person associated with the school will intentionally commit any of the following acts:

- Discriminate based on an individual's membership in a legally protected class in the recruitment, hiring, training, compensation, benefits, promotion, transfer, termination, layoff, reduction in workforce, or any other terms or conditions of employment.
- Make any comments, or display or distribute any materials that may constitute harassment on the basis of an individual's membership in a legally protected class.
- Deny a person any services, program benefits, or financial aid based on the individual's legally-protected classification.
- Discriminate based on a student or family's membership in a legally protected class in the assignment and evaluation of academic work, placement in ability groups, promotion between grade levels, or provision of academic support and services.
- Discriminate based on a student or family's membership in a legally protected class in the administration of behavioral expectations and consequences.

Violation of this policy may result in disciplinary action, including termination of employment.

All GOAL Academy employees who become aware of violations of this policy have the obligation to report the conduct to their immediate supervisor and Human Resources, or if the supervisor is engaged in the conduct, to Human Resources.

Any person who knowingly makes a false report of harassment shall be subject to disciplinary action, which may include, but is not limited to, termination.

LICENSURE REQUIREMENTS

LICENSURE and STAFF CERTIFICATION REQUIREMENTS

Employees of all charter schools—including GOAL—must meet rigorous hiring expectations. Should a non-licensed applicant/employee choose to seek licensure while an employee of GOAL Academy, said employee will do so at his/her own personal expense and on his/her own personal time. Likewise, staff members who choose to accrue continuing education credit hours during their tenure at GOAL Academy will do so at their own personal expense. GOAL may choose to provide funding for training or certifications for staff as it relates to an organizational need.

INSURANCE, WORKER'S COMPENSATION AND RETIREMENT

COBRA INSURANCE

The Federal Consolidated Omnibus Budget Reconciliation Act (COBRA) gives employees and their qualified beneficiaries the opportunity to continue health insurance coverage under GOAL's health plan when a "qualifying event" would normally result in the loss of eligibility. The provisions of COBRA only apply to employees who are eligible for the school's medical insurance plan and who participate in it prior to becoming eligible for COBRA coverage.

As mandated by federal law, eligible employees will receive more information about COBRA and what would qualify the employee or the employee's family for COBRA at the termination of employment at GOAL Academy.

LIFE INSURANCE

GOAL Academy provides a life insurance policy on each employee as part of his or her benefits package.

WORKER'S COMPENSATION

GOAL Academy provides worker's compensation for employees who become injured or sick as a result of performing the normal functions of their job.

WORKER'S COMPENSATION REPORTING PROCEDURES

When a workplace injury occurs, GOAL Academy employees shall:

1. Administer first aid if needed. In case of a life-or-limb-threatening emergency, the injured employee should be taken to nearest emergency medical facility via ambulance.
2. Promptly inform direct supervisor and GOAL Human Resources that an injury has occurred.
3. The supervisor must submit a "First Report of Injury" report as soon as possible to GOAL Human Resources, no later than within 24 hours from the time of the incident.
4. The employee must complete an "Accident Report," provided by the supervisor, as soon as possible.
5. The supervisor must investigate the incident, verify how it occurred, and document any safety violations on the "Accident Report."
6. If injury is not life-or-limb-threatening, send/take the injured employee to the designation medical provider. If an employee is treated by an unauthorized medical provider, the employee may be responsible for payment for his/her treatment.

If medical services are necessary, after every doctor's appointment, the injured employee must return with a Physician's Report/ Employee Work Status Report.

Following an injury, the employee must meet with GOAL Human Resources to review the employee's restrictions (if any, indicated on the Physician's Report). GOAL Human Resources will provide the employee with transitional, modified work within these restrictions if necessary.

RETIREMENT

GOAL Academy employees are automatically enrolled in the Colorado PERA retirement plan.

PERA 401K RETIREMENT MATCHING OPTION

GOAL Academy offers a PERA 401K retirement option through PERA. Employees may begin contributing at their time of hire. Once the employee has worked for GOAL Academy for one full year, GOAL Academy will start matching the employee's personal PERA 401K contribution made after the first full year of employment dollar for dollar up to 5% of the employee's salary for the current school year. GOAL Academy retains the right to change the match percentage as budget allows. The matched amount is vested immediately. Employees who are rehired by GOAL Academy are required to be employed for one full year before receiving the match.

PAYROLL AND EXPENSE REPORTING

WORK DAYS

Work days include in-service and professional development days and are further depicted on the annual school calendar. Work days are outlined prior to the start of the academic year. In most cases, the work day is from 9:00 AM to 5:00 PM. GOAL reserves the right to modify or alter work days as needed.

PAYROLL

GOAL Academy paydays are on the last business day of the month and are for the month ending. Business days are considered Monday through Friday.

Holidays will be paid as listed on the GOAL Academy Academic Calendar.

GOAL Academy requires that all employees submit a voided check or deposit slip to participate in direct deposit.

Non-exempt employees will be paid based on an hourly basis, and must record hours worked. Timesheets are to be completed for each pay period and overtime will be calculated after forty (40) hours worked in one week (Sunday through Saturday), and paid in addition to the base hourly amount each pay period. Timesheets are to be submitted by 5:00 on the 20th day of each month to ensure proper time for processing. Timesheets must be signed by the appropriate supervisor or designee.

Non-exempt employees should log and report every hour they have worked. Non-exempt employees may not work overtime without the written permission of the direct supervisor. Failing to record and report all hours worked and/or working more than forty hours in one week without written permission may result in disciplinary action, which may include termination.

Exempt employees are not eligible for overtime pay.

Employees should bring their pay-related questions or concerns to the attention of the GOAL Chief Financial Officer or Chief Human Relations Officer who are responsible for the fair administration of departmental pay practices.

Employees whose employment is terminated are not entitled to any pay for time not worked.

PAY ADVANCES

GOAL Academy does not provide pay advances.

PAYROLL DEDUCTIONS

Deductions from employees' gross pay period earnings are of two types: mandatory and voluntary. Mandatory deductions are those required by law, court order or other legally compelling influence on payroll. GOAL Academy is required by law to make the following deductions from an employee's pay check:

- Federal Income Tax
- PERA
- State Income Tax
- Medicare
- Court-Ordered garnishments (when required by law)

The amount of tax deductions depends on the employee's income level, marital status and the number of allowances the employee claims on the W-4 form.

Voluntary deductions are those requested by the employees to be made on their behalf and may include family medical and/or dental insurance, retirement contributions, etc. Voluntary deductions will not be made without the employee's written request or authorization, and advanced approval from Administration.

GOAL Academy is not authorized to give its employees advice about payroll deductions. Please consult with your personal accountant or tax advisor should you have questions about your payroll deductions and their tax implications.

REIMBURSEMENT PROCEDURES

Employees will be reimbursed for all business-related expenses that are pre-approved in writing, upon submission of accurate and receipted expense reports to their regional principals or supervisors. Employees shall submit these reports in accordance with financial control policies and established timelines to ensure proper accounting and prompt reimbursement. Requests for reimbursement may be denied if not received within 30 days post travel.

JOB DUTIES AND PROFESSIONAL DEVELOPMENT

JOB DUTIES

GOAL Academy makes every effort to create and maintain accurate job descriptions for all positions. GOAL Academy maintains job descriptions in an effort to identify and differentiate the roles of each position within the organization. The job descriptions articulate each employee's responsibilities, establish the qualities needed for successful completion of one's work, and set standards for employee performance evaluations.

Existing job descriptions may be reviewed and revised on a periodic basis in order to ensure that they are up to date. Job descriptions may also be rewritten periodically to reflect any changes in the position's duties and responsibilities. Given our dynamic organization, employees are expected to help ensure that their job descriptions are accurate and current, reflecting the work being done.

Employees should remember that job descriptions do not necessarily cover every task or duty that might be assigned, and that additional responsibilities may be assigned as necessary. Employees who have questions or concerns about their work profile should contact their direct supervisor. In addition, please refer to this handbook, any addendums, and any other relevant documentation for additional details outlining employment expectations at GOAL Academy

SPECIAL ASSIGNMENT/DUTIES

All GOAL employees will be required to share responsibilities (e.g., marketing and recruitment) which will benefit the whole school even though it may not directly benefit their specific area. In some cases, employees may be given special assignments or duties which benefit the school.

OUTSIDE EMPLOYMENT

Outside employment that constitutes a conflict of interest or interferes with an employee's primary job duties is prohibited. Employees may not receive any income or material gain from individuals outside GOAL Academy for materials produced or services rendered while performing their jobs at GOAL Academy.

PROFESSIONAL DEVELOPMENT

GOAL Academy recognizes the value of professional development and training as it relates to staff professional growth. GOAL also understands any professional development expense should provide a positive impact on student performance.

Staff who attend professional development opportunities, training, and professional conferences agree to adhere to the following:

- Any person attending professional development opportunities requiring travel will adhere to GOAL Academy's travel policy and procedures.
- All staff who are assigned professional development by the school or by personal request will make every attempt to attend. If the attendee is unable to participate, adequate notice of cancellation to their DIRECT SUPERVISOR and GOAL's PD department is required.
- Staff attending professional development opportunities will participate in the training, activities and/or assessments related to the function as a professional representing the school.

Requests for Professional Development/Staff Training

1. All external professional development / training requests should be submitted through GOAL Academy's Professional Development department to ensure adequate funding for delivery and any travel expenses related to the function.

2. All requests for training/professional development will be reviewed to determine the following:

- Alignment with GOAL's mission, vision and strategic plan.
- Direct positive impact on student achievement.
- Fiscal alignment with the school's professional development budget.
- Alignment with GOAL's school culture, social contracts and team agreements.

GOAL Staff will adhere to all training due dates as designated in the training announcement. Employees who do not comply may be subject to disciplinary action, including possible termination of employment.

WORK RULES AND PERFORMANCE STANDARDS

Employment is with the mutual consent of you and GOAL Academy. Consequently, both you and the school have the right to terminate the employment relationship at any time, with or without explanations, justification, and cause or advance notice. You have no express or implied contract nor property interest in your continued employment.

It is not possible to provide a complete list of every work rule or performance standard. As a result, the following are presented only as examples of conduct that may result in disciplinary action. You are responsible for understanding and following these standards and work rules. Employees who do not comply may be subject to disciplinary action, including possible termination of employment.

Job Performance:

Employees may be disciplined, including possible termination, for poor job performance, as determined by GOAL Academy in its exclusive discretion. Some examples of poor job performance are as follows:

- Below average work quality
- Poor attitude or/and rudeness to co-workers, students, parents, and other persons in contact with GOAL
- Lack of cooperation with management/supervision, coworkers, students, parents and other persons in contact with GOAL
- Excessive absenteeism, tardiness, or abuse of break and meal privileges
- Failure to follow instructions or school policies and procedures

Misconduct

Employees may also be disciplined, including possible termination, for misconduct as determined by GOAL Academy in its exclusive discretion. Examples of misconduct include but are not limited to:

- Insubordination
- Harassment of any type
- Abuse, misuse, theft or the unauthorized possession or removal of GOAL Academy property or the personal property of others
- Falsifying or making a material omission on GOAL Academy records, reports, or other documents, including payroll, personnel, and employment records
- Divulging confidential school information to unauthorized persons (This is not intended to interfere with employee rights under state or federal law)
- Disorderly conduct in the presence of staff, students, and parents, including fighting or attempted bodily injury, or the use of profane, abusive, or threatening language toward others, or possession of a weapon (This is not intended to interfere with employee rights under state or federal law)
- Behavior that violates any law, whether or not the employee is prosecuted, which adversely affects the school's interests
- Conviction in court or a guilty or nolo contendere plea to any crime, which may cause the employee to be regarded as unsuitable for continued employment
- Violation of the school's alcohol, drugs, and controlled substances policy
- Marking or signing the time record of another employee or knowingly allowing another employee to mark or sign your time record
- Dishonesty of any sort

ADMINISTRATIVE LEAVE

GOAL Academy may place a staff member on administrative leave with pay at its discretion. Such leave is to be used in circumstances when the health or safety of any staff member or of any person or property entrusted to the staff member's care could be adversely affected or during an administrative investigation as determined by the Chief Human Relations Officer. Compensation for administrative leave will be equal to the staff member's base rate of pay. The length of such leave is solely at the discretion of the school. Employees may also be disciplined, including possible termination, for failing to cooperate during the investigation. The Chief Executive Officer and the Chief Human Relations Officer must approve placing a staff member on administrative leave.

TERMINATION

GOAL Academy reserves the right to terminate a staff member for certain infractions without going through the performance improvement process. Such infractions may include violations of school policy and/or the law. Staff who are involuntarily terminated, resign in lieu of involuntary termination, or are non-renewed are ineligible for rehire and may not volunteer for GOAL Academy.

RESIGNATION

All resignation offers of notice should be sent to the GOAL Academy Human Resource department. GOAL Academy appreciates all the offers of notice. Because GOAL Academy maintains the 'at will' relationship, the school administration maintains the right to decline the offer of notice if the offer interferes with the day to day operations of the school. In such cases, the employee's last day will be an earlier date than stated in the offer of notice as determined by the school administration.

PERSONAL APPEARANCE

All GOAL Academy staff members are expected to dress professionally as models for students of successful and serious professionals. An employee's appearance reflects not only on the employee as an individual, but on GOAL Academy as a community. The school expects employees to take pride in their appearance and achieve a positive educational and business-like image when representing the school.

It is the intent of the school to establish general guidelines for dress. Employees are asked to comply with the following principles in choosing work apparel that is appropriate to the work being performed:

- Maintain a neat and clean appearance, keeping dress modest and moderately conservative. Clothing should be in good repair.
- Maintain a business/professional appearance and dress in a manner consistent with work responsibilities.
- Employees whose work routinely requires that they perform physical activity may wear appropriate casual attire that is in good repair.
- Employees should always consider safety in choosing their work attire.

Examples of clothing not allowed include but are not limited to:

Jeans (except on Friday), clothing that is excessively worn, hats, sweatpants or workout gear, military attire, t-shirts (except GOAL t-shirts), tank tops, muscle shirts, excessively short skirts/dresses (skirts/dresses must be no shorter than two inches above the knee), spaghetti strap dresses/tops, midriff tops, low cut tops, halter top dresses/tops, and shorts/skorts.

The omission of a specific item or appearance standard does not automatically permit its wear.

ABSENCE AND TARDINESS

GOAL Academy expects employees to be reliable and to be punctual in reporting for scheduled appointments with co-workers or students and their families. An employee's expected arrival time should be in accordance with their work schedule, and is generally 10-15 minutes before any said appointments to prepare. On occasion, the Administration may request a specific time in order to accommodate a one-time meeting or event. Furthermore, employees are expected to work on-site based on a preset schedule maintained by their supervisor. Again, on occasion, the Administration may request a later departure time in order to accommodate a one-time meeting or event.

Absenteeism, tardiness, and early departure place a burden on other employees and on GOAL Academy. Excessive absenteeism, tardiness, and early departure when specifically scheduled to a site, may result in disciplinary action, including termination of employment.

GOAL Academy does understand that occasionally, because of illness or emergency, an employee may be unable to come to work, to arrive on time, or to complete a full work day. All employees, if unable to report to work for any unplanned reason, must contact your supervisor or immediate supervisor at least one hour prior to scheduled arrival time the day of the absence. It is the employee's responsibility to keep GOAL Academy informed on a daily basis during a short-term absence and to provide medical verification when asked to do so.

In the case of an unplanned personal day (such as when sick), it is the employee's responsibility to submit a Paid Time Off (PTO) request immediately upon return to the appropriate supervisor.

Non-exempt employees are expected to be at their workstation ready to begin work at the beginning of their scheduled shift, and at the end of their scheduled breaks and meal period. Except in an emergency, non-exempt employees must have their supervisor's permission to leave work before they are regularly scheduled to do so.

NO CALL / NO SHOW

If an employee fails to report to work without proper notice, they may be subject to discipline up to and including termination of employment.

FACULTY / STAFF MEETINGS

Instructional and administrative staff members are expected to be available to participate in all Team Meetings.

The Administration retains the right to request faculty and staff participation at occasional after-hours meetings, events, conferences, and school functions. This includes, but is not limited to, requesting faculty participation at events or meetings prior to 8:00 AM or after 5:00 PM, as well as participation at occasional weekend functions.

INFORMATION UPDATES FOR EMPLOYEES

The Administration conveys critical information to staff in a variety of manners including, but not limited to:

- Email updates
- Mailbox deliveries
- Faculty meeting agendas

Each employee is responsible for reading email and checking staff mailboxes on a daily basis. Emails should be checked each morning, at the noon hour, and prior to departure at the close of their day. Part-time employees should check emails on this schedule on their paid days of work. There is a 24 hour turn around expectation on all communications excluding weekends and holidays.

Non-exempt employees should not check their email outside their scheduled work time.

USE OF SCHOOL PROPERTY AND MATERIALS

TELEPHONE USAGE

From time to time it may be necessary for employees to make and receive personal calls on school phones. However, these calls should be made, whenever possible, during scheduled breaks and meal periods. The purpose of this restriction is to ensure open lines for school business. Employees are expected to use good judgment and common sense when it comes to personal phone calls.

VOICEMAIL

Each employee will be assigned a voicemail number. Parents will be encouraged to leave phone messages directly on your voice mail. Voice mail should be checked in the mornings and afternoon each day. Parent concerns and requests should be addressed immediately. Even if you need to do some research to determine an answer, please respond promptly, letting them know you will be calling later with the answer. GOAL Academy reserves the right to monitor or access any messages left on voice mail systems, with or without notice to employees, at its exclusive discretion, and employees have no expectation of privacy in voicemail messages that they send or receive.

Purpose

The goals of this policy are to outline appropriate and inappropriate use of GOAL Academy's Internet resources, including the use of browsers, electronic mail and instant messaging, file uploads and downloads, and voice communications. Attempting to obtain another user's account password is strictly prohibited. A user must contact the IT helpdesk to obtain a password reset if they have reason to believe that any unauthorized person has learned their password. Users must take all necessary precautions to prevent unauthorized access to Internet services.

GOAL Academy assumes no liability for any direct or indirect damages arising from the user's connection to the Internet. GOAL Academy is not responsible for the accuracy of information found on the Internet and only facilitates the accessing and dissemination of information through its systems. Users are solely responsible for any material that they access and disseminate through the Internet. We encourage you to use your Internet access responsibly. Should you have any questions regarding this Internet Acceptable Use Policy, feel free to contact the IT Department.

ACCESS TO SCHOOL PROPERTY

GOAL Academy loans school property to employees for on-going use in order to facilitate the ease of their work with the explicit understanding that should such property not be returned in good condition at the close of each year and/or at the termination of employment, the employee will be held fiscally responsible for the replacement of said property. Such property includes, but is not limited to, work computer, cell phones, keys, thumb drives, professional development books, wellness equipment including activity trackers, backpacks, clothing with GOAL Academy logos and curricular resources purchased with school funds.

It is important that the administrative staff have access at all times to space, storage areas, containers or any other property, as well as other records, documents, and files. Employees have no expectation of privacy on school grounds. GOAL Academy reserves the right to access work stations, filing cabinets, desks, and any other property on GOAL Academy sites at its complete discretion, with or without advance notice or consent.

Employees must return all GOAL Academy property immediately upon request or upon termination of employment. Where permitted by applicable laws, GOAL Academy may withhold from the employee's check or final paycheck the cost of any items that are not returned when required. GOAL Academy may also take all action deemed appropriate to recover or protect its property.

REQUEST FOR SUPPORT

Any request for support from GOAL Academy Administration whether it is for items to be purchased must first be given, in writing, to the employee's immediate supervisor for approval.

GOAL ACADEMY MOBILE DEVICE ACCEPTABLE USE POLICY

Purpose

The purpose of this policy is to define standards, procedures, and restrictions for end users who have legitimate business uses for connecting mobile devices to GOAL Academy's school-wide network and data. No portion of GOAL Academy's Mobile Device Acceptable Use Policy is intended to interfere with employee rights under state or federal law. This mobile device policy applies, but is not limited to, all devices and school media that fit the following classifications:

- Smartphones
- Other mobile/cellular phones
- Tablets
- E-readers
- Portable media devices
- Portable gaming devices
- Laptop/notebook/ultrabook computers
- Wearable computing devices
- Any other mobile device capable of storing school data and connecting to a network

In order to maintain security and manageability, only devices fitting the following criteria are allowed to access school resources:

- Smartphones, tablets, and other devices running Android versions released in 2015 and later.
- Smartphones and tablets running Apple iOS versions released in 2015 and later.
- Smartphones, tablets, and other devices running Microsoft Windows 10 and higher or Windows 10 Mobile.

The policy applies to any mobile hardware that is used to access school resources, whether the device is owned by the user or by the organization.

The overriding goal of this policy is to protect the integrity of the confidential client and school data that resides within GOAL Academy's technology infrastructure, including internal and external cloud services. This policy intends to prevent this data from being deliberately or inadvertently stored insecurely on a mobile device or carried over an insecure network where it could potentially be accessed by unsanctioned resources. A breach of this type could result in loss of information, damage to critical applications, loss of student records, and damage to the school's public image. Therefore, all users employing a mobile device connected to GOAL Academy's school network, and/or capable of backing up, storing, or otherwise accessing school data of any type, must adhere to school-defined processes for doing so.

Applicability

This policy applies to all GOAL Academy employees, including subcontractors, partners, temporary staff, honorary staff, or guest workers who use a mobile device to access, store, back up, or relocate any organization or client-specific data. Such access to this confidential data is a privilege, not a right, and forms the basis of the trust GOAL Academy has built with its clients, partners, parents, and students. Consequently, employment at GOAL Academy does not automatically guarantee the initial or ongoing ability to use these devices to gain access to school networks and information.

The policy addresses a range of threats to school data, or related to its use, such as:

Threat	Description
Device Loss	Devices used to transfer or transport work files could be lost or stolen.
Data Theft	Sensitive school data is deliberately stolen and sold by an employee or unsanctioned third party.
Malware	Viruses, Trojans, worms, spyware, malware, and other threats could be introduced to or via a mobile device.
Compliance	Loss or theft of financial and/or personal and confidential data could expose the school to the risk of non-compliance with various identity theft and privacy laws.

Addition of new hardware, software, and/or related components to provide additional mobile device connectivity will be managed at the sole discretion of IT. **Non-sanctioned use of mobile devices to back up, store, and otherwise access any school-related data is strictly forbidden.**

This policy is complementary to any previously implemented policies dealing specifically with data access, data storage, data movement, and connectivity of devices to any element of the school network.

Responsibilities

The Chief Information Officer of GOAL Academy has the overall responsibility for the confidentiality, integrity, and availability of school data.

Other staff under the direction of the Chief Information Officer are responsible for following the procedures and policies within information technology and information systems.

All GOAL Academy employees are responsible to act in accordance with school policies and procedures.

Affected Technology

Connectivity of all mobile devices will be centrally managed by GOAL Academy's IT department and will use authentication and strong encryption measures. Although IT will not directly manage personal devices purchased by employees, end users are expected to adhere to the same security protocols when connected to non-school equipment. Failure to do so will result in immediate suspension of all network access privileges so as to protect the school's infrastructure.

Policy & Appropriate Use

It is the responsibility of any employee of GOAL Academy who uses a mobile device to access school resources to ensure that all security protocols normally used in the management of data on conventional storage infrastructure are also applied here. It is imperative that any mobile device that is used to conduct GOAL Academy business be used appropriately, responsibly, and ethically. Failure to do so will result in immediate suspension of that user's account. Based on this requirement, the following rules must be observed:

Access Control

1. IT reserves the right to refuse, by physical and non-physical means, the ability to connect mobile devices to school and school-connected infrastructure. IT will engage in such action if such equipment is being used in a way that puts the school's systems, data, users, and clients at risk.
2. Prior to initial use on the school network or related infrastructure, **all mobile devices must be approved by IT.**
3. End users who wish to connect such devices to non-school network infrastructure to gain access to school data **must employ**, for their devices and related infrastructure, security measures deemed necessary by the IT department. School data is not to be accessed on any hardware that fails to meet GOAL Academy's established IT security standards.
4. All personal mobile devices attempting to connect to the school network through the Internet will be inspected using technology centrally managed by GOAL Academy's IT department. Devices that are not approved by IT, are not in compliance with IT's security policies, or represent any threat to the school network or data will not be allowed to connect.

Security

1. Employees using mobile devices and related software for network and data access will, without exception, use secure data management procedures. **All mobile devices must be protected by a strong password**; a PIN is not sufficient. All data stored on the device must be encrypted using **strong encryption**. Employees agree never to disclose their passwords to anyone.
2. All users of mobile devices **must employ reasonable physical security measures**. End users are expected to secure all such devices against being lost or stolen, whether or not they are actually in use and/or being carried.
3. Any non-school computers used to synchronize or back up data on mobile devices will have installed **up-to-date anti-virus and anti-malware software deemed necessary** by GOAL Academy's IT department.
4. Passwords and other confidential data, as defined by GOAL Academy's IT department, are **not to be stored unencrypted** on mobile devices.
5. Any mobile device that is being used to store GOAL Academy data must **adhere to the authentication requirements** of GOAL Academy's IT department. In addition, all hardware security configurations must be pre-approved by GOAL Academy's IT department before any school data-carrying device can be connected to the school network.
6. IT will manage security policies, network, application, and data access centrally using whatever technology solutions it deems suitable. **Any attempt to contravene or bypass that security implementation will be deemed an intrusion attempt** and will be dealt with in accordance with GOAL Academy's overarching security policy.
7. Employees, contractors, and temporary staff will follow all school-sanctioned data removal procedures to **permanently erase school-specific data from such devices once its use is no longer required.**
8. **In the event of a lost or stolen mobile device, it is incumbent on the user to report the incident to IT immediately. The device will be remotely wiped** of all data and locked to prevent access by anyone other than IT. If the device is recovered, it can be submitted to IT for re-provisioning. **The remote wipe will destroy all data on the device**, whether it is related to school business or personal. Users understand and accept that personal data may be erased in the rare event of a security breach.
9. Usage of a mobile device to capture images, video, or audio of students or student data or for the purpose of intimidating, embarrassing, or harassing GOAL employees, students, parents or others, whether native to the device or through third-party applications, is prohibited within the workplace.

Hardware & Support

1. IT reserves the right, through policy enforcement and any other means it deems necessary, to limit the ability of end users to transfer data to and from specific resources on the school network.
2. Users will make no modifications to the hardware or software that change the nature of the device in a significant way (e.g. replacing or overriding the operating system, jailbreaking, rooting) without the express approval of GOAL Academy's IT department.
3. IT will support the connection of mobile devices to school resources. On personally owned devices, IT will **not** support hardware issues or non-school applications.

Organizational Protocol

1. IT can and will establish audit trails, which will be accessed, published, and used without notice. Such trails will be able to track the attachment of an external device to the school network, and the resulting reports may be used for investigation of possible breaches and/or misuse. **The end user agrees to and accepts that his or her access and/or connection to GOAL Academy's networks may be monitored to record dates, times, duration of access, etc. in order to identify unusual usage patterns or other suspicious activity. The status of the device, including tracking application presence or usage, jailbreak detection, data usage, operating system version or email and browser activity may also be monitored.** This monitoring is necessary in order to identify accounts/computers that may have been compromised by external parties or users who are not complying with GOAL Academy's policies.
2. The end user agrees to **immediately report** to his/her manager and GOAL Academy's IT department **any incident or suspected incidents of unauthorized data access, data loss, and/or disclosure of school resources, databases, networks, etc.**
3. Mobile device user will not be granted access to school resources using a mobile device without accepting the terms and conditions of this policy.
4. Any questions relating to this policy should be directed to GOAL Academy Technology Staff. A copy of this policy, and related policies and procedures, can be found at <http://helpdesk.goalac.org>.

Policy Non-Compliance

Failure to comply with the GOAL Academy Mobile Device Acceptable Use Policy may, at the full discretion of the organization, result in the **suspension of any or all technology use and connectivity privileges and possible disciplinary action.**

The Chief Information Officer and the employee's immediate supervisor will be advised of breaches of this policy and will be responsible for appropriate remedial action.

GOAL ACADEMY SOCIAL MEDIA ACCEPTABLE USE POLICY

Scope

This policy applies to all employees, contractors, business partners, temporary employees, students, or any other GOAL Academy partners or personnel who use social media in the course of their duties.

Usage

The school's social media accounts are intended to be used solely for school purposes. Depending on the nature of the employee's duties, these purposes may be addressed through a variety of services, including but not limited to Facebook, Twitter, LinkedIn, and YouTube.

The following are examples of legitimate school usage of public social media:

- Building positive brand image: Schools can use social media to promote a positive brand image. This is particularly important for organizations vulnerable to negative press or consumer discontent.
- Increasing mind share: Social media can reach large audiences at very low monetary cost, giving organizations another medium for promotion, increasing awareness of your organization/brand.
- Improving customer satisfaction: Customers that receive more timely and personal service in the medium that they prefer will be more satisfied.
- Gaining customer insights: Social media can be used to monitor public opinion on a school, its services, and its performance.
- Increasing student retention and engagement: Using social media builds affinity and loyalty since students are engaged using a medium they prefer – something the organization needs to offer to remain competitive.
- Increasing service capability: Use of social media to create custom network applications (a.k.a. plug-ins) for school promotion or integration with the school's own online services.
- Student and staff acquisition: Use of social networks like LinkedIn for professional networking, such as maintaining academic contacts or maintaining contacts with members of professional or standards organizations that can lead to prospecting.
- Reducing cost of servicing students and parents: Use of social media to quickly and efficiently respond to customer service issues. The answer to the problem can be public, making it searchable by other families that have the same request.

The following activities are deemed inappropriate uses of social media:

- Use of social media for illegal or unlawful purposes, including copyright infringement, obscenity, libel, slander, fraud, defamation, plagiarism, harassment, intimidation, forgery, impersonation, soliciting for illegal pyramid schemes, and computer tampering (e.g. spreading of computer viruses).
- Use of social media that in any way violates the school's policies, rules, or administrative orders.
- Opening attachments from unknown or unsigned sources. Attachments are the primary source of computer viruses and should be treated with utmost caution.
- Sharing social media account passwords with another person, or attempting to obtain another person's social media account password.

Terms and Conditions of Use

1. **Use of personal social media accounts and user IDs for school use is prohibited.** All process-driven use of social media shall be managed by school-employed social media professionals (SMPs). Employees will have access to consult with the SMPs to post on school social media properties and shall not directly access the school's social media accounts with the social media services themselves.
2. **Use of school social media user IDs for personal use is prohibited.** Examples of prohibited use of school User IDs include: downloading and installing plug-ins or helper applications such as those that try to access the school email directory, joining groups using a school user ID for personal reasons, or adding personal friends to an employee's friends list.
3. IT will establish access for any applicable apps to the targeted social media site as required for a SMP to perform their responsibilities, making exceptions in firewall, proxy, or web content filter rules.
4. The Marketing Department and IT Department agrees that they will regularly monitor and moderate activity. It is the responsibility of the school to monitor activity, as well as to ensure school use of the social media site complies with the service's Terms of Service (TOS) or Terms of Use (TOU), as applicable. Each social media service maintains its own TOS and TOU.

Security and Risk Mitigation:

IT must assist the Marketing Department in establishing initial account management procedures for effective management of both social media accounts as well as ongoing administration to prevent security issues.

Social Media Content Archival:

In compliance with the school's record retention policies, social media content may be retained in the school's archives, or as back-up copies, even after they are deleted from an employee's mailbox. The goals of the backup and archiving procedures are to ensure system reliability, prevent document and data loss, comply with regulatory and legal requirements, and supply evidence in the event of litigation.

Backup copies exist primarily to restore service in case of failure. Archival copies are designed for quick and accurate access for a variety of management and legal needs. Both backups and archives are governed by the school's document retention policies.

Policy Violations and Non-Compliance

Non-compliance and violations of this policy will be treated like other allegations of wrongdoing at GOAL Academy. Allegations of misconduct will be investigated according to established procedures. Sanctions for non-compliance or violations of this policy include, but are not limited to, the following:

1. Temporary or permanent revocation of access to some or all computing and networking resources and facilities;
2. Disciplinary action according to applicable school policies, up to and including termination of employment; and/or
3. Legal action according to applicable laws and contractual agreements.

FERPA AND CONFIDENTIALITY

FAMILY EDUCATION RIGHTS AND PRIVACY ACT (FERPA)

Student education records are official and confidential documents protected by one of the nation's strongest privacy protection laws, the Family Education Rights and Privacy Act of 1974 (FERPA) and additional federal laws. FERPA applies to all schools that receive federal education funds, including GOAL Academy. Non-compliance can result in the loss of those funds. Colorado has also has some of the strongest student privacy laws in the nation, which primarily focus the collection of student data by third-parties.

Confidential education records include student registration forms, contact information, graded papers, academic records (including report cards), discipline files, social security numbers linked to names, and student information displayed on a computer screen. All school employees are required to keep student information secure and confidential, and to protect the rights of students.

GOAL employees may not have their students use any computer programs, software, or websites that require students to register or provide personally identifiable information without first obtaining written approval from GOAL's administration.

The essence of this act is that:

- Parents have the right to inspect and review their own child's educational records (any records from which the student can be individually identified), to the exclusion of third parties. Students also have this right when they reach age 18. GOAL Academy has committed to responding to parental requests for student information only when they have been put in writing, and then within 2 work days.
- Parents and eligible students have the right to request that a school correct records believed to be inaccurate or misleading.
- Institutions and their employees may not disclose information about students, nor permit inspection of their records, without the student's written permission unless such action is covered by certain exceptions as stipulated in the Act.
- Practically speaking, FERPA prohibits all employees from discussing confidential student information with third parties. For instance, should two students engage in a disciplinary act together, you are prohibited from naming or discussing the other involved student in conversations with the parents. Similarly, should a parent request an explanation of a discipline or academic event that did not involve his/her child, but which transpired in his/her child's classroom, you are not permitted to disclose any names or details of the event, nor disclose the resultant consequences.

Failure to comply with FERPA and other federal and Colorado laws protecting student privacy will result in disciplinary action, up to and including termination. In some cases, local authorities may be contacted to protect private student information. Please consult your supervisor and/or GOAL's privacy policy if you need additional guidance.

CONFIDENTIAL INFORMATION

Many employees will be exposed and have access to student information which is of a confidential nature. Such information should not be shared with unauthorized personnel or other members of the community not related to the student in question (e.g., other students, parents of other students or board members). As a general rule, student information should be shared only with the student, the student's parents/guardians, collaborating staff (i.e., other staff members who teach the same student), and administrators who deal directly with the student.

In addition to being responsible for keeping all confidential student records in a secure, locked location, it is an employee's responsibility to be discreet and to protect student confidentiality when discussing individual students. It is unacceptable to discuss students in front of other students or in front of other parents. This mandates that all professional conversations about students happen in private locations, not in open areas.

Violations of this policy may lead to disciplinary action up to and including termination. In some cases, local authorities may be contacted to protect private student information.

MANDATORY REPORTING

REPORTING OF ABUSE OR NEGLECT (C.R.S. 19-3-304)

The Colorado Child Protection Act of 1987 states that certain persons, among them any school official or employee who has reasonable cause to know or suspect that a child has been subjected to abuse or neglect or who has observed the child being subjected to circumstances or conditions that would reasonably result in abuse or neglect shall immediately upon receiving such information report or cause a report to be made of such fact to the county department, the local law enforcement agency, or through the child abuse reporting hotline system and shall be followed promptly by a written report.

It is not the responsibility of school personnel to make a determination if abuse or neglect has occurred. Human services or local law enforcement will make that decision. The legal responsibility of the individual school official or employee who suspects abuse or neglect is not satisfied by reporting that suspicion to other school personnel (unless the individual verifies that a report has actually been made). If the school employee is uncertain as to whether he/she has reasonable cause to know or suspect abuse or neglect exists, the employee can consult with the regional principal or counselors to obtain additional information. Nevertheless employees should make a report to human services or law enforcement and allow those agencies to determine whether an investigation is warranted. Even if suspected abuse involves a case which is very old, and even if the suspected perpetrator is also a minor, a report must be made.

With GOAL students representing a high risk population, the need for child abuse reporting will come up for many employees. It is important to understand that, Colorado law states the mandatory reporter shall immediately upon receiving such information report or cause a report to be made of such fact to the county department, the local law enforcement agency, or through the child abuse reporting hotline system. What we also know is that sometimes a report is made unnecessarily and families and students are subjected to unnecessary turmoil. For example, the employee may not know about confidential information of which a principal or counselor may be privy and the issue of possible abuse is already known and reported. If the employee is unsure whether they have enough information to reasonably cause to know or suspect abuse or neglect they may consult with the regional principal before making a report, however, reporting suspicions of child abuse and/or neglect to your supervisor, principal, or school counselor does not relieve your responsibility to report, nor does your reporting relieve GOAL Academy's responsibility to report.

WHEN YOU SUSPECT ABUSE, CONSULT WITH YOUR REGIONAL PRINCIPAL. IF DANGER TO THE CHILD IS IMMINENT, REPORT IMMEDIATELY, CONSULT LATER.

Definitions

Abuse means an act or a failure to act in one of the following categories that threatens the health or welfare of a child (under age 18). In general, abuse applies to adults who are responsible for the care of the child.

- **Physical abuse** – when a child exhibits evidence of bruising, bleeding, burns, bone fractures, subdural hematomas, or soft tissue swelling and the injury cannot be reasonably attributable to accident. If the child reports to you that the injury is the result of interaction with an adult in a caretaking capacity, this is suspected abuse.
- **Sexual abuse** – when a child is exposed to unlawful sexual contact. This is defined as incest, indecent exposure, fondling, rape, pornography and sexual exploitation.
- **Emotional abuse** – is typically seen as a pattern of caregiver behavior that conveys to the child that he/she is worthless, unloved, unwanted or only of value in meeting another's needs.
- **Neglect** – is a failure to provide for a child's basic needs. Neglect occurs when a child has been abandoned, is being denied proper physical, emotional, or moral care and attention, or is being permitted to live under conditions harmful to his/her wellbeing. Neglect can be physical, emotional or educational.

Mandated Reporting

GOAL staff members are required by law to report to law enforcement or Department of Human Services (e.g., Child Abuse Hot Line 1-844-CO-4-KIDS (1-844-264-5437)). Your anonymity is protected.

- **Who** – Public or private school official or employee. The GOAL employee who receives the information or has reason to suspect abuse is the one who reports. GOAL administrative staff will support in any way necessary to facilitate the reporting.
- **What** – When you are told, observe, or suspect that any of the above examples of child abuse are occurring or have occurred, you must make a report to law enforcement or DHS. A GOAL incident report must be completed within 24 hours of calling in a report of suspected abuse to authorities. You will need to have child's name, sex, race, DOB, home address and phone, and name of parent or guardian. When possible the report should include:
 - The name and address of the person responsible for the suspected abuse or neglect;
 - The nature and extent of the child's injuries, including any evidence of previous cases of known or suspected abuse or neglect of the child or the child's siblings;
 - The family composition;
 - The source of the report and the name, address, and occupation of the person making the report;
 - Any action taken by the reporting source;
 - Any other information that the person making the report believes may be helpful;
 - The military affiliation of the individual who has custody or control of the child who is the subject of the investigation of child abuse or neglect, if such individual is a member of the armed forces or a spouse, or a significant other or family member residing in the home of the member of the armed forces.
- **When** – The law states that a report shall be made immediately upon receiving such information. If you believe the child is in imminent danger, report to law enforcement immediately. If you are unsure about the need or how to proceed, contact your regional principal.
- **How** – Contact your regional principal, or your regional counselor to provide information about your concerns on how to proceed. Call the Child Abuse Hot Line 1-844-CO-4-KIDS (1-844-264-5437) or call the appropriate number that will connect with authorities where the child lives, not where you are located. It is preferred that the GOAL employee who has first-hand information be the one to make the call. Administration will assist if you feel uncomfortable.

REPORTING PROCEDURES

When abuse is suspected, GOAL Academy employees shall:

1. Promptly inform the regional principal that a report of suspected child abuse or neglect needs to be made.
2. After consulting with the regional principal, immediately make an oral report of suspicion or knowledge of child abuse or neglect via telephone to the county human services department or local law enforcement agency.
3. Promptly follow up with a written report on the GOAL Academy Child Abuse Report Form, available from your regional principal.
4. Provide a copy of your documentation to the county human services department or appropriate authorities.
5. Provide a copy of your documentation to your principal.
6. Provide a copy of your documentation to the Regional Principal.
7. Retain a copy of your documentation in a confidential personal location for ten (10) years.

In the case of suspected interfamilial (by a family member or member of the child's household) abuse or neglect, or interfamilial sexual abuse, school employees shall not contact the child's family or any other person to determine the cause of the suspected abuse or neglect. Such contacts will be made by human services or law enforcement.

In the case of suspected third-party (by someone unrelated to the child) abuse or neglect, in addition to the immediate reporting responsibilities to human services or law enforcement, the regional principal, or supervisor shall (unless instructed other by law enforcement or human services) then take steps to assure that the parent/guardian or legal custodian is immediately notified that a report has been made. Caution should be exercised in sharing details of the allegations with the parent/guardian since this may influence the outcome of the investigation.

In the event that a GOAL staff member suspects that another GOAL staff member is the perpetrator of child abuse or neglect, call the Child Abuse Hot Line 1-844-CO-4-KIDS (1-844-264-5437) or call the appropriate number that will connect with authorities where the child lives, not where you are located. Additionally, a written report must be filed and submitted to the regional principal and GOAL Human Resources immediately upon suspicion. Administration will respond to the incident both as a suspected child abuse case and as a human resource issue.

It is not the responsibility of school employees or officials to contact the child's family or any other persons to determine the cause of the suspected abuse or neglect. Nor is it the responsibility of school officials or employees to prove that the child has been abused or neglected.

IMMUNITY FROM LIABILITY (C.R.S. 19-3-309)

School employees acting in good faith in the making of a report are immune from any liability, civil or criminal, or termination of employment, unless the employee's action is of willful, wanton, and malicious intent.

PENALTY FOR FAILURE TO REPORT (C.R.S. 19-3-304(4))

Any school employee who fails to report, or cause a report to be made, of suspected cases of child abuse or neglect commits a Class 3 misdemeanor and may be subject to up to six (6) months in prison and/or \$750 fine. There may also be civil liabilities for damages caused by failure to report. The obligation to report, or cause a report to be made, is that of the person who has reason to know or suspect that child abuse or neglect has occurred.

SCHOOL EMPLOYEE AND STUDENT INTERACTIONS

INTERACTION BETWEEN SCHOOL EMPLOYEES AND STUDENTS

It is natural for friendships to develop between students and GOAL staff members. Guidelines governing interactions with students allow for healthy relationships between students and staff while eliminating opportunities for misunderstandings and misconduct. Employees are expected to adhere to these guidelines at all times. Failure to do so will result in disciplinary action, up to and including termination of employment. Employees who act in violation of State and Federal Law may be held civilly or criminally liable.

- GOAL employees should avoid situations in which they are alone with an unrelated student and not observable by other adults or students.
- The giving of expensive gifts or gifts of a personal nature, such as jewelry and clothing, to unrelated students by school employees is prohibited. School employees may not accept such gifts from individual students.
- GOAL employees shall not grant special privileges, rewards, or opportunities to a specific child beyond those customarily provided as incentives to promote and recognize achievement.
- GOAL employees should exercise discretion to ensure that appropriate staff/student boundaries are maintained at all times and in all settings.
- GOAL employees shall not share pornographic or sexually explicit materials with students.
- GOAL employees shall not share alcohol, tobacco, or other controlled substances with students.
- Romantic or sexual relationships between GOAL employees and students are prohibited, regardless of the age of the student or the proximity in age of the employee and student.

COMMUNICATION BETWEEN SCHOOL EMPLOYEES AND STUDENTS

GOAL Academy recognizes the importance of communication between school employees and students in learning and instruction. Adhering to reasonable restrictions on content and settings regarding all forms of communication ensures student safety and can protect GOAL Academy staff members from misunderstandings and false accusations. Employees are expected to adhere to these guidelines at all times. Failure to do so will result in disciplinary action, up to and including termination of employment. Employees who act in violation of State and Federal Law may be held civilly or criminally liable.

- Conversations with students should focus on matters related to instruction and school activities. GOAL employees should not initiate discussions about their private lives or the intimate details of the private lives of unrelated students.
- Conversation between GOAL employees and students that could be interpreted as flirtatious, romantic or sexual is prohibited.
- The sharing of sexually explicit or obscene jokes and verbal “kidding” of a sexual nature between school employees, volunteers and students is prohibited. When initiated by the student, it is the responsibility of the employee to end the conversation, redirect the student, and (if necessary) report the incident to either the employee’s supervisor or GOAL Human Resources.
- Private, one-on-one conversations with students should take place within the potential view, but out of the earshot of other adults — such as in a drop in center or public places.
- GOAL employees may not conduct an ongoing series of one-on-one meetings with a student without the knowledge of the supervisor, parent, guardian or other GOAL staff members.

ELECTRONIC COMMUNICATION BETWEEN SCHOOL EMPLOYEES AND STUDENTS

GOAL Academy’s policy regarding communications with students also applies to all electronic forms of communication (e.g., texting, Skype, email, and all forms of “social networking”). GOAL Academy provides multiple means for employees to communicate with students. Electronic communications with students should be transparent, accessible to supervisors, and professional in content and tone. Employees are expected to adhere to these guidelines at all times. Failure to do so will result in disciplinary action, up to and including termination of employment. Employees who act in violation of State and Federal Law may be held civilly or criminally liable.

- GOAL employees must restrict all electronic communications with individual students to accounts, systems and platforms provided by and accessible to the school.
- GOAL employees may not provide their personal e-mail addresses or phone numbers to students.
- GOAL employees may not use personal wireless communications devices to “text” unrelated students and are prohibited from interacting one-on-one with students through personal online social-networking sites.
- GOAL employees must decline or disregard invitations from students to interact privately through texting and personal social-networking sites.
- GOAL employees may not knowingly engage in online gaming unrelated to instruction with students.
- If, because of an urgent or emergency circumstance, a GOAL employee uses a personal communications device or account to contact an individual student, the date, time, and nature of the contact must be reported in writing to his/ her supervisor within 24 hours.
- All communication between GOAL employees and students must be tracked. Therefore, all GOAL employees must install and maintain communication tracking software on all GOAL-issued equipment.

PHYSICAL CONTACT BETWEEN SCHOOL EMPLOYEES AND STUDENTS

Physical contact between GOAL employees and students should be public, nonsexual, and appropriate to the circumstances. GOAL employees should avoid physical contact when alone with an unrelated student. Physical contact between school employees and unrelated students when other adults are not present is prohibited unless necessary to protect the health and well-being of the student. Physical contact between a GOAL employee and student that is appropriate and expected, meant to encourage or reassure students (e.g., a spontaneous hug, a hand on the shoulder or a pat on the back) should be brief and unambiguous in meaning.

SOCIAL NETWORKING, TEXTING, AND WEBSITE COMMUNICATION

Social networking, texting, and website communication (e.g., Blogs, Facebook) allow for the sharing of knowledge, the expression of creativity and the opportunity to connect with others who share interests. The use of social networking, texting, and website communication can enhance one’s relationships with one’s colleagues, community, or students. While GOAL has no desire to limit the speech rights of employees, we do ask that employees be mindful of how electronic communications can hinder relationships and have a negative impact on one’s own reputation.

When a staff member identifies herself or himself as a GOAL Academy employee, all posts, texts, or actions reflect on the individual and on the school. Therefore, all GOAL employees are expected to serve as positive ambassadors for the school, when using all social networking, texting, and other forms of communications GOAL employees are expected to adhere to these guidelines at all times. Failure to do so will result in disciplinary action, up to and including termination of employment. This is not intended to restrict employees lawful use of any communication systems or limit employee’s legally protected speech. Employees who act in violation of State and Federal Law may be held civilly or criminally liable.

- All use of school equipment is archived, becomes subject to public record laws, and should be appropriate at all times. Any information shared via social networking sites, texts, or website communication which is sent or posted using school equipment is considered public record. This includes Skype, checking personal e-mail, texting colleagues or friends, and accessing websites for personal use or entertainment. GOAL employees will be held fully responsible for any and all information contained on or transmitted via their school-issued equipment.
- GOAL employees may not create an alias (e.g., impersonating a GOAL student or another GOAL employee) via school equipment for purposes of social networking, texting, and website communication.
- GOAL employees may not misidentify themselves or use school equipment anonymously for purposes of social networking, texting, and website communication.

- Citizens expect that school employees set a good example when writing or speaking in public. When using social networking, texting, or website communication, it is therefore important that GOAL employees thoroughly spell and grammar check content before posting, correcting errors as soon as noted.

- Posting of information using GOAL equipment in violation of copyright laws, or is obscene (as defined by the courts) may be a violation of State and/or school rules and policies and is prohibited.
- When acting as an agent of the school, posting, texting, or blogging about personal subjects (e.g., dating, romance, sex, drug or alcohol use) is prohibited.
- GOAL employees may not use or post the school logo, school proprietary images, or any other such graphic representations on any social media network in violation of law.

GOAL employees should refrain from creating “personal” webpages which permit social interaction with students. All social networking, “friending,” or communications with students must be via professional GOAL accounts.
