

GOAL Academy UIP Summary

What challenges do we need to solve?

Student Performance Priorities

- The MGP for all students in math is below the 50th percentile. (currently 31)
- The MGP for all students in reading is below the 50th percentile. (currently 43)
- Graduation/Completion rate is below AEC target of 49.5. (Currently 41.3%)
- Dropout rate is higher than the AEC target of 12.7% (Currently 20.8%)

*MGP = median growth percentile

What are the root causes that if we were able to fix, our student performance would improve?

Root Cause

- Underdeveloped environment for at-risk student success
- Underdeveloped staff

What are the major improvement strategies the school is implementing to address the root causes?

Major Improvement Strategies

- Staff Development specific to academics
- Staff development specific to the use of technology
- Curriculum Update

Action Plans for our major improvement strategies:

Major Improvement Strategy #1 Part A – Empowering teachers with the skills necessary to teach every student effectively.

Major Improvement Strategy #1, Part B – Empowering principals with common language and common practice to evaluate instruction.

Major Improvement Strategy #2 – Empowering all staff with the technology tools necessary to implement high quality instruction.

Major Improvement Strategy #3 – Empowering all students with access to high-quality curriculum

Refer to the full UIP document for a detailed view of the Action Plans.
