### **Lenovo Philanthropy Letter of Support**

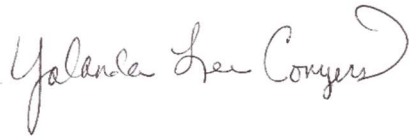

Dear GOAL Academy,

The Lenovo Philanthropy board is pleased to award support to GOAL Academy to support scholarships for students, especially those from minority or underprivileged backgrounds, or students with accessibility needs. Please accept this commitment of \$20,000 in support, in alignment with Lenovo philanthropy's mission to empower diverse and minority individuals with access to technology and STEM education.

These funds are not to be used in any way that would damage the reputation of Lenovo or the Lenovo Foundation, or put the tax exempt status of the Lenovo Foundation at risk. In any public recognition of this support, please state that Lenovo is the contributor; if you have any questions please contact Libby Richards ([drichards@lenovo.com](mailto:drichards@lenovo.com)).

We extend our best wishes to you and your staff.

Sincerely,

Yolanda Lee Conyers  
President, Lenovo Philanthropy Board
