1. PROCESS AND MANAGEMENT OF BUDGET

The Board of Directors (the Board), Chief Executive Officer, Chief Financial Officer, GOAL Finance Committee, independent auditor, and various members of the GOAL staff all have roles and accountabilities in the exercise of fiscal due diligence and prudence in operating and managing GOAL. This document sets out these responsibilities in more explicit terms, to ensure that all involved understand the scope (and limitations) of their individual and collective responsibilities. This is a binding policy for financial operations at GOAL.

• **Summary of Accountabilities:**

- a. *The Board* - It is the Board's fiduciary responsibility to provide corporate financial oversight and financial direction (including short-term and long-term fiscal goals and targets) to the Chief Executive Officer and for the whole of GOAL Academy. The Board

approves the annual operating budget and shall oversee the school's financial performance and compliance with legal requirements, operating budgets, and financial plans.

- b. *The Finance Committee* – This Board committee reviews monthly financial activities and assists the Board in its fiduciary duty of financial oversight and the preparation of GOAL's financial audit. The Finance Committee shall have at least one board member but not more than would exceed a quorum as defined by the board by-laws.
 - c. *The Chief Executive Officer* - Ultimate staff accountability for executing the financial plans of the organization is vested in the Chief Executive Officer. The Chief Executive Officer is supported in this task by consulting with the Finance Committee as needed and by the Chief Financial Officer. The Chief Executive Officer reports to the Board.
 - d. *The Chief Financial Officer* – The Chief Financial Officer is directly responsible for detailing and implementing the financial plan and ensuring day-to-day compliance with both the intent and specifics of the plan and Board-approved budget, and for working with the Chief Executive Officer and the Finance Committee. This position shall be the primary point of contact for other members of the staff and shall report directly to the Chief Executive Officer and remainder of the Board of Directors.
 - e. Every GOAL staff member is required to follow leadership direction and guidelines and to exercise financial prudence and conservatism in every action and decision made on behalf of GOAL Academy.
- **Budget Control:**
 - a. *Budget* - The Board will receive a working draft of the annual budget for the upcoming year in advance of the deadlines stated in the Charter Contract or under applicable law.
 - b. *Budget Flexibility and Variances* – Actual totals for any expense line item will usually not match the budget exactly. If at any time, for any budgeted period (whether annually, quarterly, monthly or otherwise) any budgeted expense or liability exceeds the budgeted amount by 10% or more or is reasonably expected to differ 10% or more from the budgeted amount with the passage of time, the Chief Executive Officer and the Chief Financial Officer must present the disparity to the Board for ratification and approval together with reasonably sufficient background and explanation to describe the reason and the need for the disparity.

Without limiting the foregoing, at the end of the year, any variance between the Board-approved budget and the actual end-of-fiscal year numbers must be explained to the Board and to the independent financial auditors so that any necessary explanations can be included in the financial audited reports.

This flexibility is granted to the Chief Executive Officer and the Chief Financial Officer because the purpose of the budget is to provide an effective management tool that will allow for the successful completion of planned programs and activities within the financial framework established by the Board-approved operating budget.

- c. *Budget Revisions* - If a change in circumstances or an unforeseen event causes the Chief Executive Officer to believe that the current budget has become unrealistic and that it is no longer possible for GOAL to operate within the boundaries of the budget, the Chief Executive Officer will give a full report of the circumstances to the Board along with a recommendation for a new course of action. The Board may approve a revised budget or give the Chief Executive Director other direction.
- **Financial Contingency Reserve**
 - a. *Establishment of Financial Contingency Reserve.* In addition to all other reserves required under the Charter Contract or by state law, including without limitation Section 20 of Article X of the Colorado Constitution (the Taxpayer's Bill of Rights), the School for fiscal year 2019-2020 and thenceforward shall establish a reserve fund of not less than three (two) months of budgeted expenditures, referred to herein as the " Financial Contingency Reserve."
 - b. *Access to Funds; Board Approval Required.* If the Chief Executive Officer, in consultation with the Chief Financial Officer, determines that it is in GOAL's best interest to access the Financial Contingency Reserve to meet the financial needs of the school, the Chief Executive Officer shall seek approval of the Board to release the assigned funds from the Financial Contingency Reserve. No funds may be withdrawn from the Financial Contingency Reserve absent approval of the Board.
 - c. *Reinstatement of Financial Contingency Reserve.* Amounts withdrawn from the Financial Contingency Reserve shall be replaced as defined in GOAL's fund balance policy.
 - **Cost & Commitment Control:**
Starting with the Chief Executive Officer and extending throughout GOAL – all members of GOAL staff are responsible and accountable for budget compliance as they conduct their day to day activities.

The Chief Executive Officer has final accountability to the Board for delivering the revenue stream projected in and maintaining expenses at or below those outlined in the Board-approved budget.

Annually, the Chief Financial Officer will be asked to prepare budget detail schedules for specific expense accounts as directed by the Chief Executive Officer.
 - **Reporting:**
Monthly financial statements will be distributed to the Chief Executive Officer, the Finance Committee and the Board, all of whom are expected to review the monthly statements in a timely manner. Quarterly financial reports will be sent to GOAL's authorizer as required by the Charter Contract. It is imperative that staff is proactive rather than reactive in managing budget variances in compliance with the procedures set forth herein.
